

Expenditure of \$337,000 for a building program for this campus was approved Monday night by the California State assembly.

The bill, introduced by Assemblyman Hugh Burns, designated the single allotment to be used solely for building and improvements on the campus. \$55,000 of this will be used to purchase the present Student Union building for the college and \$282,000 for the construction of a new music building.

"This drastic cut in the bill handicaps the plans we originally had," explains Dr. T. W. MacQuarrie, "but we are pleased to have this money with which to further our expansion program."

A. S. B. CARD---STUDENT BARGAIN

By PEGGY RICHTER

The biggest bargain of the year will be offered you students of San Jose State college next September. You will be given a \$64.60 value for \$12.50 when you purchase your student body card on Registration day and become a member of the Associated Students.

You will be able to participate in \$10.60 worth of dances. Ten evening dances, six afternoon and four quad events are planned for the year as well as a free party for new students. Registration dances are held at the beginning of each quarter to enable students to meet other students and renew old acquaintances.

Ninety-one home athletic games are planned for sport enthusiasts which would cost you \$12.50 if you were not a member of the Associated Students. With your membership card you will be admitted to football, basketball, baseball, boxing, wrestling, soccer and water sports.

Saving on season tickets for dramatics is \$1.00. Subscription to the Spartan Daily would be \$2, but with your card you get your campus news daily without charge.

Your student body card is your health insurance policy. The poten-

tial value of Health office privileges alone is \$17.50, while the Health Cottage has been proven to be worth \$21 to those who have taken advantage of it.

Besides the privileges named above, which are included in the \$64.60 value, there are numerous other benefits connected with owning a student body card. Thirty days' free care are allowed at the Health Cottage per year. It would amount to \$150 for a bed in a hospital for that same amount of time.

The Student Card committee, headed by Dave Atkinson, has summed up the situation by saying, "The student card is more than a ticket to games, it's more than a pass to good health, it represents membership in the student body of your college. It will certainly be embarrassing to have to tell the future boss 'No, sir, I did not show interest enough in my school to join!'"

Editor's Note: For the past few weeks the Spartan Daily has brought you the advantages of belonging to the Associated Student Body of San Jose State college. This is the last of the articles showing you what privileges are obtained. Below is a cut showing the Student Body dollar, and just what part of the student funds go for the different activities. Student Body President-Elect Don True points to the divided dollar.

DR. T. W. MacQUARRIE

Just Among Ourselves

MOST of our young men seem to be going into the air service. We are so near Moffett Field, with Vultees roaring above us all the time, and we had such a boost in air training from the CAA program, that a good many of us almost believe there is no other kind of service.

Some of the boys have already come in with their shining gold bars and double wings. They looked pretty smart.

College men are better officer material than the general run of draftees. They should consider it their duty to become officers. If I were going into the army now on the draft, I would apply for officer training at the first opportunity. I would make it my business to do a good job as a soldier. I would take advantage of every opportunity to bring myself to the favorable attention of the officers.

When I went into the army in '17 I made the mistake of acting like a shrinking violet. I assumed that the officers would recognize quality when they saw it without assistance on my part. I badly overestimated those officers.

A buddy saved me. He was older than I and experienced in the ways of the world. One day he took me aside and used some army language. Translated into polite English, he said I would have to do something to call myself to the attention of the captain or I would

continue as a rookie, not even first class.

That wakened me up. The result was that I became a captain. I soon received another promotion and all of my lieutenants and many of the men were promoted also. You have got to look like officer material or you will never be one.

One thing more, don't go into the service with any fear of anybody or any thing. Use your psychology and your good judgment to keep yourself well-balanced and wholesome. Don't cover up fear by constant crabbing. You will probably never be on a fighting line anyway. It takes ten or more men in the back areas to keep one man on the line. Not everyone is going to lead a charge. The chances are good that you will return to civil life after the war, and with a wonderful line of better and better stories to tell.

One morning at inspection I gave my men a talk. I said, "This war is not a calamity but an opportunity for most of you. Let us get all we can out of it. At next inspection I am going to ask each one of you to tell me what he would like to do for his own personal good."

One man said, "Captain, suh, I'd like to get my hands clean once." (He was a big fellow from the Ozarks. He had been working in the fields all his life. His hands were cracked and the cracks were filled with the good old black soil of southern Missouri.)

Another said, "I'd like to be able to straighten up." He was badly stooped. We gave him special exercises for almost a year. He made great improvement. I am sure it was a lifelong benefit to him.

About twenty of the men wanted to learn to read. (Were there any soldiers who couldn't read? Don't make me laugh. Our literacy is not nearly so high as we think. We brag a lot during peace times. It takes a war to bring out the real conditions.) We had

Some will cut and cull and carry—
(Mary's brood must too, be fed)!

Some to Art and some to Mining;
Some will Farm, and some will Teach:

a regular reading school for those men.

Well, anyway, if you do go in on the draft, it will probably be good for you. Do your work as well as you can. Use your special abilities to get ahead. Have your general orders letter-perfect on the first attempt. Have a book or two handy. If you can paint, sing, act, or play an instrument, do so to entertain the rest of the crowd. Get into the game wholeheartedly. It's great to be able to serve your country, and such a country!

Good luck.

The Bow-Out

● JOHN HEALEY

The Bystander

COMES this time of the year and it is time for the outgoing editor to take his bow and give the so-called words of advice to the incoming editor. It seems to be the custom, whether sincere or not, to flower the staff and all those concerned. What I have to say, I really mean, and it is not like signing someone's La Torre whom you may inwardly despise and tell him or her what a great person he or she is.

I sincerely thank all of the staff members for their wonderful support and the long hours they spent in putting out this quarter's paper. The Daily staff this quarter was short handed and consequently everyone was overworked. To each and every staff member my heartiest appreciation, and especially to Harry Graham, associate editor, for the help and advice he has given me.

It takes more than the staff alone to turn out this college daily. To the advertising staff for their co-operation, I wish to extend my thanks, and also to Frank Rondone and Ralph Slaughter and all the printers for their enduring patience with us college journalists.

The editor of next year's Daily will not be announced until next fall, so any advice I might give will be withheld. I might say that whoever the person or persons may be, there will be many things to contend with—grapes from social organizations that they are not getting enough publicity, and beefs from faculty members.

This may sound sentimental, but then again an Irishman has that right. Anyway, it has been

● HARRY GRAHAM

Nothing Sacred

THE LAST LONG MILE: To Friday March must resemble to a few of the seniors who have undergone all of the torture of rehearsals and commands, the gera of the condemned. Except that we probably won't get exactly what we want for breakfast tomorrow morning.

IT'S THE CUSTOM, when a single issue stands between the column head and the pi-box, to sing the praises of our ex-fellow workers and to review briefly with witty word the past four years. To John Healey, my boss for the past three months, a single fond farewell; he knows the thing I feel that cannot be put down in so many words.

NOTHING SACRED: A blatant misnomer. With little left of these four years, I begin to realize that college offers, in many ways, the only standards that cannot be ridiculed, and yet I must use this head for my last column.

AH, SPRING: When the young man's fancy lightly turns to the things that make life easier going. In the throes of a sentimental mood, I advise the freshman: Look around and you WILL find something sacred.

I did.

Winkelman Is Named Director At Army Camp

The long hand of Uncle Sam has reached out and plucked another figure from the Spartan campus. This time it's Football Coach Ben Winkelman. Winkelman will become the physical director of the Army Air Corps unit stationed at Moffett Field. It was officially announced. The Spartan football coach will be placed in charge of the physical conditioning of the cadets.

He is slated to supervise the athletic program of the enlisted men and officers and will have a title of civilian director in charge of conditioning.

Winkelman's job will be for the summer and he stated that he expected to come back to the college in the fall and take over his job as head coach of the Spartan football machine.

Vasconcellos May Go East For National AAU

Edmunds "Tickie" Vasconcellos, Spartan track co-captain last year and now broad jumping for the San Francisco Olympic club team, rates a good chance of representing the club at the national AAU track and field championships in Philadelphia June 28, 29 and 30.

Coach Charlie Hunter of the Winged O will take the best performers from the Pacific Coast east for the meet, and since "Tickie" has the best broad jump mark on the coast, his chances of going are very good.

Vasconcellos leaped 25 feet in the PAA meet in Berkeley recently, setting a new record. "Tickie" was off form at the Compton Relays down south last week-end, jumping 23 feet 5 inches for a third place.

Lowell Todd, former Spartan spear tosser, threw the javelin 210 feet to also cop a third place.

If "Tickie" goes east he will return to the Pacific Coast just in time to catch a boat for his home in the Hawaiian Islands.

Star Honored

JOHN ALLEN WINS MOST 'OUTSTANDING ATHLETE' GRAHAM PEAKE AWARD

John Allen—the most outstanding San Jose State college athlete of the year!

That honor was bestowed on the great Spartan football, basketball, and baseball star this morning with the announcement of Allen as the winner of the annual Graham B. Peake award.

The award, presented by Peake, former San Jose State college student now in the life insurance business locally, is bestowed annually upon the outstanding Spartan athlete of the year.

Selection of the winner was made by a committee consisting of Peake and the college men's physical education staff.

Last year's winner of the award was Leroy Zimmerman. Other winners down through the years have been Lloyd Thomas, Walt McPherson, Bud Hubbard, Jack Wool and Les Carpenter.

This year's award is a miniature gold block "SJS" with the winner's name engraved upon it.

Allen, transfer here from Marin J. C., has one more year of football competition left. One of the smoothest performers in the state, he has repeatedly won athletic honors during the past three years.

Zimmerman In Perfect Game

College fraternity ball clubs of the campus league needn't feel too bad about their failure to hit the offerings of softball chucker Leroy Zimmerman.

"Zimmy" topped a brilliant week of pitching Monday night by tossing a no-hit, no-run game against a top Santa Clara CIO outfit in the opening game of the Santa Clara night season.

Two days previous Zimmerman hurled a no-hitter against the campus Sigma Gamma Omega team in an inter-frat game. Since a week ago Wednesday night

"Zimmy" has chucked seven ball games, allowed two runs, a half-dozen hits, and struck out over 100 batters.

Some chucking!

NEWS BRIEFS

Men Apply For Naval Reserve Training

Opportunity for college men to apply for acceptance in a training course for the U. S. Naval Reserve comes Monday, June 16, when Ensign Edwin N. Ness will be at the local recruiting station to interview applicants.

According to C. M. Burrell, room 212, Post Office building, Ensign Ness will be there all day Monday to talk to San Jose State college men interested in enlisting in Class V7 of the naval reserve.

Byrnes, Payne New Committee Heads

Dick Payne and Beverly Byrnes were elected rally committee and social affairs committee chairmen respectively, at a special meeting of the student council this week.

Payne will take the place of Don Griffin, and Miss Byrnes will replace Peggy McDonald.

Dancing Class Adds To Summer Session

Students signing up for the Modern Social Dancing class in the summer session should meet the following requirements, according to Bill Van Vleck, instructor: "He or she must have an interest in dancing or humans (no experience in either required); must be over six years of age and under one hundred and six."

The group will meet Wednesday, 7:30 to 9:30 p.m., in the Men's gym. Fee for the course is set at \$1.50.

Waltz, Fox Trot, Rhumba, La Conga, Hula-Formal, Samba and any other timely creations will be taught, declares Van Vleck.

Mary George Co-op Open For Summer

Mary George co-operative house for women will remain open to accommodate summer school students during the vacation, it was announced yesterday.

Three Ways To Receive Grades

There are three ways to acquire third quarter grades.

Students may get an envelope in the box in front of the Business office, put an address thereon and deposit it in a slot with five cents.

Self-addressed stamped envelopes may also be deposited in the same place.

The Registrar's office will issue grades to those persons who call personally after Thursday.

Grades will not be given to students who owe fees or fines to the college.

ANNUAL ISSUED TODAY; SELF-SUPPORTING NEXT YEAR; SELLING AT \$3.25

NEXT YEAR

La Torre, campus annual yearbook, will be entirely self-supporting next year, announces Ernest Ralph, editor-elect.

The book, which will cost \$3.25, may be purchased in advance on registration day in September for \$2.75—a saving of 50 cents.

Payments may also be made in quarterly installments, according to Ralph. A down payment of \$1.25 followed by a payment of \$1.00 each of the two following quarters will pay for the publication.

The book will contain more pages next year and will maintain the high standard of quality set by preceding annuals, says the editor-elect.

THIS YEAR

La Torre, campus yearbook, will be given out again today, starting at 10:30, to all those who have paid for the publication in advance, announces Editor Lois Silver.

All persons having receipts are requested to line up on the San Carlos street turf outside the Publications office windows and the books will be distributed as quickly as possible, says Miss Silver.

Sale of the annual will be open to the general student body tomorrow. All persons not paying for the book in advance and those who have not obtained their copies yet may do so at that time.

Faculty members who have reserved La Torres may call for them in the Publications office any time between 10:30 and 4.
